#### **POLICY STATEMENT**

We are here to make great schools and happier, stronger communities so that people have better lives. We do this by:

- Always doing what is right
- Trusting in each other and standing shoulder to shoulder
- Doing what we know makes the difference

Doing what is right means always acting with integrity, in the interests of others and being honest, open and transparent.

TEAL's success relies on its ability to recruit, select, deploy, develop and retain its talented workforce effectively.

#### 1. PURPOSE

Recruitment and retention premia (RRP) is an allowance that may be offered at the Headteacher's discretion, with advice from the central HR team, to enable the trust to recruit and retain staff. It is an additional aspect of remuneration to the basic pay of an individual post or specific group of posts and with the Headteacher's approval, it may be used where evidence shows that market pressures would otherwise prevent TEAL from being able to recruit and/or retain staff in sufficient numbers to maintain a viable service. The aim of this procedure is to establish the principles and processes to be adopted when considering, approving and reviewing the payment of RRP.

#### 2. SCOPE

This policy applies to posts that have proven to be difficult to recruit and retain to and where the Headteacher and central HR team agree that without an allowance being paid, TEAL would not be able to recruit and/or retain sufficient numbers of staff in those specific roles.

#### 3. ROLES AND RESPONSIBILITIES

The Resources and Finance Committee is responsible for approving this policy.

The **CEO** is responsible for ensuring it is applied fairly and consistently across TEAL.

Headteachers are responsible for approving requests for recruitment and retention premia, monitoring the application of this policy within their respective schools.

The **HR Department** is responsible for overseeing the introduction, implementation, monitoring and review of this policy and will report to Headteachers, the CEO, the Trust Board and its committees, and Local Governing Bodies as required. The HR Department will review evidence to ensure RRP is only paid where absolutely necessary (e.g. reviewing levels of turnover for particular roles within the trust alongside external benchmarking data and advertising information). The HR Department will also provide advice, guidance and support in the implementation of this policy and procedure, acting as a point of contact for managers and Headteachers. The HR Department will ensure that this policy is implemented fairly and consistently and that RRP is reviewed on an annual basis as a non-guaranteed additional allowance.

**Managers** must seek approval from their Headteacher prior to offering or advertising potential RRP where they are experiencing significant challenges in recruiting and/or retaining staff in specific roles within the trust.

#### 4. EQUALITY AND DIVERSITY

The trust is committed to:

- Promoting equality and diversity in its policies, procedures and guidelines, adhering to the Equality Act 2010.
- Delivering high quality teaching and services that meet the diverse needs of its student population and its workforce, ensuring that no individual or group is disadvantaged.

As part of this procedure's review, equality information will be shared with the executive team, trade unions (via the joint consultation and negotiation committee) and the Resources and Finance Committee.

#### 5. PRINCIPLES

In reaching a decision to pay RRP, the Headteacher and HR team will be mindful of the potential impact on other areas of the organisation. RRP will apply to posts, not individuals, and can be short-term or long-term. Long-term RRP payments will be reviewed annually and short-term RRP payments will be reviewed at least two months prior to the end of the fixed period of payment to enable appropriate notice to be given should the RRP payment reduce or cease. Reviews will establish the labour market conditions or other factors pertinent to the RRP.

#### 6. PROCESS

All RRP requests must be considered by the central HR team and can only be approved by a Headteacher or Executive Principal. Decisions will be evidence based and requests should include the following:

- Evidence of difficulties in recruiting and/or retaining staff in a specific post(s)
- Evidence that non-pay solutions have been considered, with details, regarding what has been considered/tried and why a pay solution is required either as an alternative or as an addition to other methods
- Evidence that the value of the RRP proposed is based on competitive salary rates elsewhere or other significant factors
- Evidence that shows why the RRP is a cost-effective method for recruitment and retention
- Consideration of the potential impact RRP may have on other roles

### 7. MONITORING COMPLIANCE WITH AND EFFECTIVENESS OF THE POLICY

Effectiveness and compliance of this Procedure will be monitored on an annual basis.

# 8. REVIEW

This Procedure will be reviewed within 3 years of the date of implementation with recognised trade unions via the trust's JCC.

# Appendix of policy updates following each review

# July 2024

The Recruitment and Retention Premia Procedure is due for review. It is rarely used but provides a structure to assist managers and leaders in establishing whether there is a need to establish a recruitment and retention premia, based on recruitment and retention challenges and market forces. Changes are minimal.
